## **Meeting 11/14/24**

@6:30pm

### **Attendance**

Isaac Papineau – present

MJ McGee – present

Jared Harrington – absent (at work)

Bisshoy Bhattacharjee – present

Dylan Sailors – absent (at work)

Omar Faruque – absent (no reason given)

Addressing issues with part 4 to (maybe) recoup some points

Discussion of implantation

Creation of the database: MJ will do this

Creation of the data and QA/testing: Bisshoy will do this

<20 books

<20 digital media items

<20 magazines

<50 client records

Creating queries/reports: Isaac will do this

Planning next meeting for the 24<sup>th</sup> of November

## **Meeting 11/30/24**

@6:00pm

### **Attendance**

Isaac Papineau – present

MJ McGee – present

Jared Harrington – absent (at a wedding)

Bisshoy Bhattacharjee – absent (no reason given)

Dylan Sailors – absent (driving)

Omar Faruque – absent (no reason given)

Main Objective: Completing implementation of the database and completing a companion document.

Created the project part 5 document.

Verified that the MariaDB is available to other users.

Since we did not have the set of created data, the meeting adjourned at 6:30pm with a plan to meet again same time on Sunday.

## **Meeting 12/01/24**

@6:00pm

### **Attendance**

Isaac Papineau – present

MJ McGee – present

Jared Harrington – absent (no reason given)

Bisshoy Bhattacharjee – absent (no reason given)

Dylan Sailors – absent (working)

Omar Faruque – absent (no reason given)

Isaac is cleaning up some discrepancies in the test data for the database

MJ will insert the test data into the database
